

Las Vegas Route 91 Harvest Mass Shooting – Public Feedback

I was part of the large group that converged at your facility Sunday night running from the shooting. I suspect your staff anticipated a quiet night....not what happened. I wanted to express my appreciation for all they did! I only noticed 3 or 4 people but they managed a huge, terrified crowd so well. They were friendly and empathetic, during a time when there were rumors that 2 more potential shooters may be out there. We'd actually gone through two hangars but your staff seemed to know what and how to handle this situation. I'd guess you 'train' for emergencies but can't imagine being prepared for what happened Sunday. I just wanted the staff to know they were appreciated. Thank you!

I would just like to extend my thanks to your overnight crew Sunday night. My fiancé and I were one of the masses that were fleeing the Route 91 Country Harvest Festival, and the manager and the grounds crew were accommodating to us in our time of distress; handing out waters, fielding comments and concerns while staying composed. I feel bad that I did not catch their names, but from what I remember, there were 4 individuals displaying service that was definitely above and beyond their description. Please thank them on behalf of my fiancé and I. Thank you.

I'm sure by now you have received dozens of emails and phone calls. I was one of hundreds of people who took refuge in your building Sunday. I wanted to say thank you from the bottom of my heart for opening your doors to us and providing us a safe place to take shelter and provide transportation to reunite with our loved ones. Again thank you so much to all of your staff there on Sunday night.

A sincere THANK YOU from my wife and I for providing safe harbor during the concert shooting events. After escaping, all the hearsay of shooting at all resorts, and with nowhere to go, it was such a comfort to have found your facility and have a sense of safety with the armed personnel on patrol. Words simply can't express the horror/fear/surrealism in our minds at that time...even still to this moment. Again, THANK YOU!!!!!!!!!!
Vegas Strong from 2 of the lucky ones
